## ABOUT THE BOOK

**CHAOS: Overcoming the Overwhelming** was written to help people find purpose in their pain and in their past. We all experience Chaos, whether it is incarceration, addiction, loss, illness, divorce, etc. The list is endless. And while our Chaos may look different, we can all still overcome that which overwhelms us. Noah uses all proceeds from **CHAOS** to provide copies inside prisons and rehabs across America. In 2024, we have given this book to 1.2 million men and women behind bars on their tablets for FREE!
